Polly Trottenberg, Commissioner
NYC Department of Transportation
55 Water Street, 9th Floor
New York, NY 10041

Dear Commissioner Trottenberg,

We are writing to you regarding an issue that has plagued the Dyker Heights community in recent years. Parking spots are hard to come by in Dyker Heights. So when the Dyker Heights Post Office doubled the size of its truck fleet, residents feared that the additional trucks would make parking in Dyker Heights even more difficult. That fear became a reality immediately, as the lack of a garage or parking lot at the Dyker Heights Post Office has led to these commercial vehicles parking on residential streets.

Through the years, various solutions have been discussed. One of which would be installing a "No Standing Except for USPS Vehicles All Other Times" sign to accompany the 9:00 am to 7:00 pm metered parking in front of the Dyker Heights Post Office. The sign would be installed on 13th Avenue between 83rd and 84th Streets and would address the specific problems of overnight truck parking.

This plan already has already earned the community's support. USPS Carriers struggle to find parking will be eased and residents and small business owners will no longer have their property impeded by commercial vehicles.

We hope to open discussions with your department in efforts to implement this plan and request a meeting immediately to do so. This is an opportunity to show our constituents that government can function with common sense. It is within the interests within the community, the Department of Transportation, and the USPS to find a quick resolution to this issue.

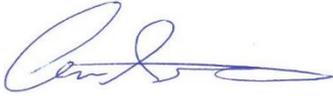

Best,

Max Rose
